Amazing rubber products are specialist manufacturers and distributors of a wide range of high quality, high performance medical disposable gloves available in Natural Rubber Latex.

With the support of expert professionals we rely on our advanced manufacturing unit to produce high quality Medical Disposable Latex Gloves.

At Amazing, we understand, anticipate and respond to what you need in surgical gloves.

We aim to build a world where both people and products that they handle enjoy maximum protection against the risks to which they are exposed.

Our company is located at Cochin Special Economic Zone, Cochin, Kerala, India. Our manufacturing units are certified with ISO 13485:2016, ISI and the quality procedures are strictly followed at our firm. Besides being a market leader in India, we also export worldwide.

Our Products

LATEX SURGICAL GLOVES

Surgical gloves are disposable gloves that are used during medical operations to prevent any kind of contamination between the physician or surgeon and the patient.

General Features

General Information – Surgical Glove	
Material	Natural Rubber latex
Colour	Creamy White
Design	Hand specific, Beaded cuff, Micro rough textured
Sterilization	Ethylene Oxide
Labeling	Shall comply with the corresponding labeling specification and customer requirement.
Storage condition	Shall be stored in cool dry place and away from direct light

POWDER FREE (Sterile / Non-Sterile)

Latex powder free surgical gloves offer exceptional dexterity, enhances comfort and flexibility. The extractable NR latex protein content in these gloves is minimum, thereby reducing skin allergies.

Product Information - Powder free latex surgical	
Type	Powder free (Chlorinated)
Powder content	2mg/dm ²
Extractable Protein Level	< 50 micro gram /dm ²
Shelf life	3 years from the date of manufacture
Size	6.0, 6.5, 7.0, 7.5, 8.0 & 8.5

PACKING (Standard)	
Wrapper	1 pair
Pouch	1 pair
Inner box	50 pairs
Master Carton	500 pairs
Packing also available as per customer requirement	

PRE-POWDERED (Sterile / Non-Sterile)

This glove is suitable for all surgical procedures providing comfort and ease to use. Its textured surface facilitates a better instrument grip in damp and dry environments. The straight cuff and enforced band ensure a secure hold on the surgical gown. This glove is powdered, which makes donning and double gloving easier.

Product Information - Powdered latex surgical	
Type	Lightly powdered
Powder content	< 15 mg / dm ² Low powder content that minimizes skin irritation
Extractable Protein Level	< 200 micro gram /dm ²
Sterilization	Ethylene Oxide
Shelf life	5 years from the date of manufacture
Size	6.0, 6.5, 7.0, 7.5, 8.0 & 8.5

PACKING (Standard)	
Wrapper	1 pair
Pouch	1 pair
Inner box	50 pairs
Master Carton	500 pairs
Packing also available as per customer requirement	

GYNECOLOGICAL GLOVES

Powder Free / Pre-powdered (Sterile / Non-sterile)

The extra length of the gloves provides an excellent barrier protection from cross contamination and also covers the obstetricians gown sleeves and protect the forearm against fluid contamination.

Product Information - Powdered latex surgical	
Extractable Protein Level	< 200 micro gram /dm ²
Sterilization	Ethylene Oxide
Shelf life	5 years from the date of manufacture
Size	6.0, 6.5, 7.0, 7.5, 8.0 & 8.5

PACKING (Standard)
